PROJECTS COMPLETED

1. SIE-5 (Formerly NIE-60, Part I): Soviet Air Defense Capabilities 1952-1954

Status: IAC approved this estimate on 20 November.  
It was published 3 December 1952.

DEFERRED

2. SIE-6 (Formerly NIE-60, Part III): Soviet Programs to Disperse Industry and Stockpile

Status: Requested by State and authorized by the IAC on 15 November 1951. IAC representatives approved terms of reference on 27 December. The ORR contribution was received and reviewed. On the basis of its efforts to produce a draft the Board concluded that this estimate should be cancelled and discussion inaugurated with ORR to examine further the critical aspects of this problem, namely the location of Soviet industry, the Soviet transportation system, and the Soviet stockpiling program. It is planned to take steps to cancel this estimate in conjunction with coordination of Program of Estimates for 1953.

PROJECTS IN PROCESS

A. National Intelligence Estimates

6. NIE-45: Probable Attitudes and Policies of the Free World toward the East-West Conflict through Mid-1954

Priority: Routine\*

Status: At the IAC meetings on 14 and 24 April (IAC-M-67, paragraph 6, and IAC-M-68, paragraph 1), it was agreed that an estimate on this general subject would replace NIE-45, cancelled by the IAC. Terms of reference were prepared by ONI and submitted to ONE on 5 May. On 13 May, ONE circulated these with recommendations for modifications. All agencies concurred. Board action on revised terms of reference was deferred pending progress on NIE-64 (Part II). On 7 November, the Board directed the Staff to reactivate this estimate. IAC representatives approved terms of reference on 5 December. Contributions will be made orally in a series of area meetings beginning 15 December.

7. NIE-56: Likelihood of Loss of Important Economic Resources of the Far East

Priority: Routine

Status: A series of estimates to cover various areas were authorized by the IAC on 11 October 1951 at the request of G-2. EIC contribution was received on 24 April 1952. A draft was circulated to the IAC agencies on 24 November. IAC representatives met on draft on 3 December and concluded that this paper should not be published as an NIE. G-2 is checking on current requirement for such an estimate.

\* Priorities used in decreasing order of urgency are: Crash, Urgent, High, Routine and Deferred
